Genuine Soil from Dracula's Castle

Authentic Soil from Vlad's Castle in Transylvania

DUST from DRACULA'S DOMAIN. Actual Earth (Guaranteed Authentic) from the Crumbling Ruins of the Legendary Vlad, the Mad Monarch who generations ago terrorized Transylvanians and inspired Bram Stoker to create the famous masterpiece of vampirism, DRACULA. There are 3 billion people on this planet but only 5,000 can wear this incredible creation. A striking ornamentally-wrought, beautiful piece of art in itself, this fabulous pendant is equally suitable for the neck of man or woman.

One Gram of Soil in Each Amulet

From the gold-plated chain is suspended a transparent miniature coffin containing one gram of genuine earth from the exact place where Vlad(Dracula) once made macabre history. No mystic powers are claimed for this amulet, and yet—who could fail to feel a tingle up and down the spine when viewing oneself in a mirror, observing this rare soil lying close to one's heart? What vampire lover could fail to feel—special—as he or she sees covy in the eyes of a fellow vampirian not fortunate enough to own one of Vlad's Pendants? What Draculean disciple would not know a sense of supernatural power when wearing this unusual object?

Certificate of Authenticity

Each Pendant is \$17.95 and comes with a Certificate of Authentication. This is not a gag, not a spoof, not a gimmick, not a put-on. The soil in this unique Pendant actually came from the Castle Dracula, high in the Transylvanian Mountains of Romania—where Bram Stoker's hero Jonathan Harker discovered the fascinating and extraordinary secrets of Count Dracula and the mysterious Vampires. Encased in clear plastic, artistically secured on a golden chain, this Dust of Dracula can now be preserved through lifetimes to come. Startling with YOU. THIS PLANT ACTUALLY EATS INSECTS AND BITS OF MEAT!

NOW YOU CAN OWN THIS
FAMOUS, BEAUTIFUL, RARE

VENUS FLY TRAP

THE WORLD'S MOST UNUSUAL HOUSE PLANT!

DISCOVERED BY ARTHUR DORRIS,
COLONIAL GOVERNOR
AND NATURALIST

On Jan. 24,
1740, Governor
Dorris wrote,
...the great-
est wonder of
the vegetable
kingdom is a
very curious,
unknown species

... Upon anything touching the leaves
they instantly close like a spring trap
... It bears a white flower; he this
curious plant I have given the name
Fly Trap."

ADMIRED BY CHARLES DARWIN,
WORLD FAMOUS
BOTANIST AND EXPLORE

In 1825 Darwin
wrote, "This
plant, common-
ly called 'Venus
Fly Trap,' from the rapid-
ity and force of
its movements,
is one of the most wonderful in the
world. ... It is surprising how a
slightly damp bit of meat ... will
arouse these ... efforts. It seems
hardly possible, and yet it is certainly
a fact."

A BEAUTIFUL PLANT! The VENUS FLY TRAP is
unusually beautiful! It bears lovely white
flowers on 12" stems. Its dark green leaves
are tipped with lovely pink traps—colorful
and unusual!

EATS FLIES AND INSECTS! Each pink trap con-
tains a bit of nectar. It is this color and
sweetness which attracts the unsuspecting in-
sect. Once he enters the trap, it snaps shut.
Digestive juices then dissolve him. When the
insect has been completely absorbed, the trap
reopens and prettily awaits another insect!

FEED IT RAW BEEF! If there are no insects in
your house, you can feed the traps tiny slivers
of raw beef. The plant will thrive on such
food. When there is no food for the traps,
the plant will feed normally through its root
system.

EASY TO GROW! The VENUS FLY TRAP buds
grow especially well in the home. They thrive
in glass containers and develop traps in 3 to
4 weeks. They will beautify any room in your
house. Each order includes 3 FLY TRAPS plus
SPECIAL GROWING MATERIAL packed in a
plastic bag. Only \$1.00.

Unhappy insect touches sensitive hairs, causing trap to
snap shut. Plant then dissolves & digests insect. Trap will bite
or flutter will NOT bite off more than it can chew—such as
a finger or a pencil. In a few days, after eating an insect,
it will reopen for more food.

WANT ADS

REPTILE FROM THE NILE? In a letter that came crawling across the editorial desk, RORY MAHAN announces that he wishes to sell—can you im-ho-top this?—a mummified lizard. "This is not a fake," assures Rory the Gory, "but the actual, real thing. It all started out when my brother's pet lizard died. We let it hang around the house (hm...must be a GIANT lizard if it's big enough to hang around a whole house) for awhile because we wanted the bones. But instead of gutting what we wanted (no bones about it) we got a mummy. The mummy is a horrible shade of green, red, blue, brown, black & white. An outline of the spine can be seen running down the back." A running outline can be a hard thing to catch. Any one interested in buying (or burying) Rory's mummified lizard, send a bid together with an sse to him at 19 Smith St., Central Islip, NY. If the lizard doesn't decompose first, it will be sold to the highest bidder. So go climb a ladder and start bidding.

THE 39 STEPS

FRIGHT

PHANTOM OF THE OPERA

What mysterious link bound these two together? As a tale of terror and mystery, this most famous of Stevenson's stories remains unexplained. An extraordinary explanation of the good and evil that exist side-by-side in man's nature, none other than Henry James has pronounced it "the masterpiece."

A cryptic message, scrawled in a dead man's hand, was all that Edward Hickey had to go on. It was the only clue to the great cult called Black Shirts, and to the man with eyes lidded like a hawk. THRILLING AND SENSATIONAL... FIRST RATE

Can you recall the last time you suffered FRIGHT? Perhaps you can, but you have nothing in common with the people in this book. They carry the taste of fear with them day and night, it is there all the time, waiting... watching, 1939! has become the pre-dominant emotion in their lives!

A world famous story of terror and suspense captured word for word in the original. Every thrill is here. The macabre curse that hangs over the Opera House. The mystery of the face that no one will ever enter. Here in the complete story in all its greatness.

THE INVISIBLE MAN

TERROR

HORROR 7

TERROR BY NIGHT

One of the world's greatest suspense thrillers. The tale of the strange—and evil experiment of a man whose scientific genius carried him beyond the pale of humanity. Written by the one and only H. G. Wells, it was the basis for the classic modern picture starring Claude Rains.

He needed no lighter for his business, which was dying. And he needed no light for his business, which was killing. He was like a puppet on a string, doing a jig on his dance of death at half a past, terror, a novel about a Chicago suburb, an old tale, and a modern cult.

He has trafficked with terrors of the flesh, and his body has lain in graveyards beside the deadened Vampire. For him there are no secrets in a modern's skull. Robert Siodmak, modern master of Horror offers you 7 special masterpieces for your quiet reading pleasure, with the lights on, of course.

Ghouls, werewolves and vampires are, of course, not real beings... are they? The doubt does not work by night... or do they? Here is an absolutely authentic, scientific study of that which made man not only believe, but behave as though they were... ghouls, werewolves and vampires.

TWISTED

THE HAUNTING OF HILL HOUSE

MORE NIGHTMARES

CIRCUS OF HORRORS

For those who enjoy the best in horror... stories by Poe and Lovecraft. For those who enjoy offbeat masterpieces... stories by De Maupassant and Stephen Crane. For those who enjoy the sinister in science fiction... stories by Rodberry and Sturgeon. Future world masterpieces.

Hill House, not much, stood by itself... within walls, centuries of spirits, bricks and mortar. There were ghosts, and there were sensible about silence by steadily against the street of Hill House, and whatever walked there, walked alone. The story on which the MGM movie was based.

"FEAR courts. It licks in the shadows of a lonely night, in the unexplained house and the isolated land. It is of home in all the dark places, including those of the human mind and those are times when we must admit its pressing presence, acknowledge its existence in order to make our own more bearable. It forms the basis of all my work."

A ruthless, unscrupulous, cunning personality for his own flesh and bone. Behind the glittering facade of his famous circus, a sinister plastic surface built a world of horror, madness, despair and death... with the mysteries of his craft.

MYSTERY AND SUSPENSE

JACK the RIPPER

DONOVAN'S BRAIN

WITCHES, WARLOCKS AND WEREWOLVES

Here is a wonderful feast of "spine-tingling" reading. You'll enjoy every minute of the best of the best in mystery and suspense and mystification by the best writers to ever rattle a shudder or whisper a horror of night winds into your ear. 16 big stories in all.

It was a weird theory, the criminologist and the psychiatrist had proven that the Ripper, who had slain a woman, was nothing Chinese... waiting to make another "scientific" murder... as his story moved in the hill pattern. The theory led from a world and checking party.

A masterpiece of brain and the million-copy best-selling thriller about a young scientist—and his weird experiments with a live brain with the immortal power of will. On the classic suspense story based on the famous film DONOVAN'S BRAIN, its celebrated author, Carl Siodmak, has written many successful novels.

Red Scoring's Temple W. Withers, Warlocks & Werewolves. TWELVE horrifying tales for the demon in you collected by the man who wrote Stories from the Twilight Zone. Withers have felt Warlocks have provoked Werewolf, you have the last word!

These "adventure stories in sound" LP albums were conceived for two reasons. The first reason is one of simple pleasure. The art of story telling, be it narration or the acting out of dialogue, is one of the oldest and most enjoyable in the world. Listening to a story, especially one of adventure spiced with danger, opens the mind's eye to the world that exists beyond our four walls.

The second reason for the creation of this series is to further acquaint FM readers with some of the most famous literature in the world. Through these condensations, augmented with sound effects and music, one becomes familiar with the dialogue and actions which have made these stories classics of adventure tales. It is a pleasure that cannot be obtained through any other means.

THIS PLANT ACTUALLY EATS INSECTS AND BITS OF MEAT!

VENUS FLY TRAP

**\$1.00 THE WORLD'S MOST
UNUSUAL HOUSE PLANT!**

A BEAUTIFUL PLANT! The VENUS FLY TRAP is unusually beautiful! It bears lovely white flowers on 12" stems. Its dark green leaves are tipped with lovely pink traps—colorful and unusual!

EATS FLIES AND INSECTS! Each pink trap contains a bit of nectar. It is this color and sweetness which attracts the unsuspecting insect. Once he enters the trap, it snaps shut. Digestive juices then dissolve him. When the insect has been completely absorbed, the trap reopens and prettily awaits another insect!

FEED IT RAW BEEF! If there are no insects in your house, you can feed the traps tiny slivers of raw beef. The plant will thrive on such food. When there is no food for the traps, the plant will feed normally through its root system.

EASY TO GROW! The VENUS FLY TRAP bulbs grow especially well in the home. They thrive in glass containers and will develop traps in 3 to 4 weeks. Each order includes 3 FLY TRAPS plus SPECIAL GROWING MATERIAL packed in a plastic bag. Only \$1.00.

ADMIRER BY CHARLES DARWIN,
FAMOUS BOTANIST AND EXPLORER

In 1875 Professor Darwin wrote, "This plant, commonly called 'Venus Fly Trap,' from the rapidity and force of its movements, is one of the most wonderful in the world. . . It is surprising how a slightly damp bit of meat . . . will produce these . . . effects. It seems hardly possible, and yet it is certainly a fact."
